

Sample Timetable for Transmission Electron Microscopy Course

Day 1		Day 2		Day 3		Day 4		
Practical	Lectures	Practical	Lectures	Practical	Lectures	Practical	Lectures	
Fixation and processing (9.30 onwards)	Health & safety (9.30-10.00)	Resin change (9.30-10.00)		Microtomy (9.30 onwards)		Microtomy/ microscopy (9.30 onwards)		
	Choice of fixatives (10.00-11.00)	Knife making (10.00-11.00)						
	Cell structure and resolution (3.00-4.00)				TEM design (11.30-12.30)			Special techniques, data presentation (12.00-1.00)
					Immuno-cytochemistry (1.30-2.30)			
			Cryo-TEM 2.30-3.30)		Quiz (3.00-4.00)			
		Embedding (4.00-5.00)
